

# CAPABILITY STATEMENT

*SpecSys provides solutions for large complex machinery & equipment projects*

**We are a full service provider of project management, engineering, and manufacturing for fast track projects, systems, and products**

*On Time - On Budget - Done Right - Done Safely*

## Core Competencies

### Engineering

*Exceeding 5,000 hours per month with the capability to provide:*

Design Analysis  
Systems Controls Test  
Technical Publications

### Manufacturing

*Exceeding 35,000 hours of production per month including:*

Machining	Fabrication
Assembly	Weld
— Electrical	Paint
— Mechanical	Testing
— Pneumatic	
— Hydraulic	

#### Project Management Includes:

Bills of Materials	MRP
Purchasing	Cost Roll-up
Timelines	Assigned Project Manager
Web Meetings	Conference Calling
Secure FTP Site	Travel to Client
Action Item Lists	

## Past Performance

Over 25 years of proven solutions for clients  
Large, complex industrial equipment designs and build such as:

Sugar Beet Piler	Blast Hole Drill	Rail Grinder
Rock Drill	Telescoping Conveyor	Power Generation
Rail Vac	Asphalt Mill	

Commonly add capacity and capability to our customer's portfolios  
Provide services related to Government Contracts as a subcontractor  
Quality assurance driven by Process Assurance Checks (PAC)  
Project library containing info-data for historic reference

## Differentiators

ISO 9001:2015 Certified Company  
One source, complete in-house turn key services  
Provider of fast track projects, systems, and products  
Customized services to meet client's needs  
Flexibility to offer full engineering and/or manufacturing and/or testing services  
Engineering staff includes BS Engineers and AS Designers  
Facilities, systems & processes allow for multiple projects simultaneously
