

# Your manufacturing project starts and ends here.

With a complete set of machines and manufacturing know how to go with them, our newly acquired plant in Prentice, WI has the capability to take your low or high volume manufacturing project from start to finish... all under one roof!

210,000 ft<sup>2</sup>

# EXPANDING

## Fabrication

- Laser cutter, CNC, traveling gantry, 5' x 10' table
- Plasma cutter, CNC, gantry type, two head, 10' x 46' table
- Plasma cutter, portable (x3)
- Shape cutting machine, plasma, two head
- Press brakes
- Band saws

## Welding

- MIG and TIG welders
- Robotic welding arms (x2)
- Stud welders
- Welding positioners
- Weld tables

## Machining

- Boring mill, horizontal, CNC, twin pallets
- Boring mill, horizontal, rotary table
- Drill press, dual gang head
- Radial arm drill (x2)
- Surface grinder, 6" x 27" bed
- Engine lathe, 17" swing x 84" centers (x2)
- Horizontal machining center, CNC (x2)
- Vertical machining center, CNC (x3)
- Horizontal milling machine
- Vertical milling machine

## Painting

- Sand blast booth, 15' x 25'
- Paint booth, 20' x 40' pass through with integrated curing oven
- CAT prep & painting certified

## Assembly

- Bay or line build
- Hydraulic hose kit and fitting production
- Wire harness manufacturing

## Testing

- Functional (structural, hydraulic systems, electrical systems, pneumatic systems)
- Environmental
- Life cycle
- Load

“The Prentice, WI campus is a great addition to our capabilities and allows for a nice step up in capacity to better serve our customers.”

— CEO Kevin Wald
